

IRONWOOD MANUFACTURING

MOBILE STORAGE

**DENALI**

# I R O N W O O D

Mobility in the room, down the hall or across the courtyard. With over twenty five years of experience building mobile cabinets, we understand these distinct requirements.

Ironwood's knowledge provides you three options to best suit your needs:

## **20XX SERIES STANDARD MOBILE FRAMES**

With a top and bottom welded unitized frame, this construction provides the steel for strength and flexible construction for durability moving over uneven floors.

## **10XX SERIES UNITIZED MOBILE FRAMES**

The addition of the vertical 1" steel tubes welded to the top and bottom frames creates a "Boxed Frame" to provide additional support to the cabinet.

## **40XX SERIES UNITIZED MOBILE FRAMES**

With a heavier bottom frame and caster support, larger upright steel tube, full vertical support on the side and back panels, this frame is designed to handle the longest distances.

**Tote Trays**

T-100 - Five per opening  
9"W x 4<sup>3</sup>/<sub>8</sub>" H x 19"D

T-132 - Four per opening  
10<sup>1</sup>/<sub>2</sub>" W x 4<sup>3</sup>/<sub>8</sub>" H x 19"D

T-102 - Three per opening  
13<sup>3</sup>/<sub>4</sub>" W x 4<sup>3</sup>/<sub>8</sub>" H x 19"D

# Culinary Arts and Sciences

Whether you are mixing a batter or neutralizing an acid, these demonstration mobiles provide center stage. Use the overhead viewing mirror to give your audience a bird's eye look at what is taking place. Mobility around the room and the department makes these units very popular.

## Choose the frame to fit your needs:

- 4085-CL** = Heavy Duty Frame – Teacher Wardrobe – Closed w/ Locks
- 40XX** = Frame Style
- XX85** = Cabinet Model
- O** = Open
