

M4848

Corner Workstation

Features upscale curved design, with generous surface space for the largest computer monitors. By using what generally is "dead" space, corner units maximize efficiency of space. These units can be used as stand-alone stations: add a Hutch; Articulating Keyboard Tray, or Slide-out Keyboard Shelf to complete a basic workstation. A utility cart, Peninsula or pedestal or additional Desk Shell will provide space for peripherals and storage or additional work surface.
